

Welcome the newest member  
of our TMH Whanau!

**Combined Haulage Ltd** is a family business based in Swanson, West Auckland. CHL is allowing us to utilise its spare capacity in the way of land & space for our storage container. Owner Rod Adams believes customer service is key to operating a healthy business so the Team at CHL is always willing to find the best solution to fit their customer's haulage needs - from play houses to portable buildings, spa pools or palm trees - Whatever you need to move - the Team at CHL will get it done!

**One Percent Collective**  
join the giving evolution

**"Be Open. Be Human. Be Honest"**

**Take My Hands**  
**1% Collective**  
Donations

Through their amazing "100% Model" every dollar donated through One Percent Collective goes to the chosen charity. With this model, and asking participants to share just 1% of their income, One Percent Collective has received over \$82,000 in donations for TMH since we first partnered with them in 2016. Are you ready to join the Collective and help Take My Hands by sharing your 1%?

## TMH is honoured to Partner with Data4Good & Altis Consulting

The Teams at Data4Good and Altis Consulting have been working to create an integrated CRM and Asset & Inventory system for TMH. Access to such a software programme will allow us to continue to scale up our operation and help more easily manage benefits we create with our partners.

To all of those in the THM Whanau, please utilise our partner organisations whenever we can - Keep our Team Going Strong!
